*"We are Born to lead a successful life  
Here & Hereafter"*

Human is the best creation on the earth. The first message which revealed on our Prophet Muhammad (PBUH) was "Iqra" which means "Read" with the name of our Creator Allah Subhanahu wa taala! Educate yourselves but don't forget your Creator. According to Islamic prescriptions, acquisition of knowledge is compulsory for all, men and women. About fourteen centuries ago Prophet Muhammad (PBUH) declared that "The pursuit of knowledge is incumbent on every Muslim male and female". In the view of Islam, a society cannot flourish, unless its human resources are properly utilized through education. Islam says to develop harmony, equilibrium and balance by utilizing the knowledge; still, Muslims are at the bottom of the educational level. In the early Islamic era, Muslims used to acquire complete education under one roof. Muslims used to be taught, along with the Qur'an, Jurisprudence, Grammar, Mathematics, Astronomy and Medicine etc at one place. This Education Culture was established by the Prophet (PBUH) whose mosque was connected to a building which served as a school and as a hostel for poor students and out of towners (travellers). Through this prophetic system, Muslims ruled the world around one thousand year.

## *Our Vision and Mission*

- Imparting Quality Education with Islamic Culture.
- Resourcing the Ummah Physically and financially.
- Self Financed Institution with economically sustained education.
- Inculcating the habit of contributing in Ummah.
- Producing world class Muslim leaders in the field of Medicine, Science & Technology, Civil Services, Media, Jurisprudence, Management and Islamic Fiqh etc.
- Developing Positive Approach towards achieving 100% education among Muslims.

Now tracing this evolution, we felt that right education system must be based on Quality Education with Islamic Culture under one roof. This is the reason Al Hidayah Public School was established in 2006 with 45 students in a very small premise in Mumbra a suburban city of Mumbai.

To achieve the high degree of success in the field of education, we felt the need of a complex where all the facilities could be provided with the latest technology to produce leaders in the field of Science, Technology, Jurisprudence, Mathematics, Astronomy and Medicine etc. So we have come out with a Huge Al Hidayah Complex spread around 5 acres land in Badalapur, Dist. Thane, 50 kilometres away from Mumbai. This Campus has the target to regenerate the education system of the early Islamic era. It's a dream to be fulfilled with the help of Allah, our Staff, Students and the Participation of good-conscious parents.

Al Hidayah Public School was established in 2006 in a very small premises with around 45 students and 5 teaching staff in a rented place. Alhamdulillah, by 2017, its strength has increased to 4250 + students with 250 + staffs and total 11 branches across Maharashtra. We strive to help them excel in subjects like Science and Mathematics, Languages (English, Hindi, Marathi, Urdu and Arabic), Information & Communication Technology along with Islamic etiquettes and subjects.

Many schools started on this core concept but deviated gradually from the original concept due to lack of proper planning and implementation. It requires highly talented team with the firm belief in Allah (SWT). AL-HIDAYAH PUBLIC SCHOOL was founded by Mr. Abu Saad Shaikh, an MBA from Aligarh Muslim University, having over 15 years of field experience in corporate sector. He received very strong support by Dr. Kamal Anzar Sayyed, a doctor by profession and Mr. Asif Mazhar Ansari (M. Tech), professor in M. H.
